50 STUDENTS FLEE FIRE IN BROOKLINE HIGH SCHOOL

More than 50 students who were studying and members of the faculty were forced to flee today when a two-alarm fire broke out in Brookline High School, Greenough street, an hour after classes had been over.

The blaze was said to have started in the cooking room of the old building. Two new buildings in the rear were not menaced by flames.

Origin of the fire was not determined at first. Fire officials said they could not estimate the extent of the damage until later. At 1:30 nearly all the students had been dismissed but those who wish to remain for study may do so, school officials said. They estimated about 50 students were in the building at the time the fire broke out.

The school fire alarm was sounded and the students march out to the street, followed by members of the faculty.

The cooking room, in the basement of the old building, is used to prepare the meals for the lunch-room in all the wings of the high school.

LODGE WINS CABOT'S ORDER AGAINST 'G' IN NAME ROW

President Roosevelt is annoyed because, in the language of his secretary, the impression has been spread abroad in its administration is somewhat red in color, somewhat ruinous to the future preservation of our American system of government.

To relieve his annoyance President Roosevelt ought to repudiate the American Communist party by name and remove the names of Dubinsky and Hillman from the official list of New York state electors in the coming presidential elections.

The facts are clear.

Prior to August 28, 1936, the National Broadcasting Company notified Station WCAE of four programs during which Earl Browder would be the speaker.

Station WCAE notified the National Broadcasting Company that it had another program for it at particular time on August 28, which was of greater public interest, and that it would not broadcast a speech by Mr. Browder.

The three other contemplated Browder speeches were continued on Page 4, Column 2

LODGE WINS CABOT'S ORDER AGAINST 'G' IN NAME ROW

Henry Cabot Lodge, Jr., today obtained a Supreme Court injunction forbidding chairman Charles H. McGhee of the State Ballot Law Commission from holding a hearing on the protest made against Lodge's candidacy for the U. S. Senate on the ground he uses "junior" illegally.

This injunction gives Lodge an opportunity to prove in the Supreme Court, instead of before the partisan Ballot Law Commission, that his parents gave him the "junior" at birth.

At the same time, James R. Cook, who protested against Lodge's candidacy, was in the Salem probate registry, formerly among the records of the famous Henry Cabot Lodge, the candidate's grandfather, for support for his protest.

MCGEE RAIPS 3 JUDGES

Earlier today, Chairman McGhee denounced political candidates and spectators, gathered at a hearing at the State House, by angrily denouncing three judges for accusing him of bribery.

The injunction favoring Lodge was issued by Justice Stanley E. Quin of the Supreme Court after a visit from McGhee's representatives and Howard M. Cole representing the Republican State Committee.

VOLE LEADS ROPE

The attorney, who called on Justice Quin at his home on Holyoke avenue, Lowell, were Frank G. Volpe, former assistant district attorney of Middlesex County, and George M. Louie, former assistant attorney general, both representing the Republican state committee, and Howard M. Cole representing the senatorial candidate.

In the coming election Lodge is to oppose Governor Curley, Democratic nominee, whose candidacy Cook, a former Republican state auditor, is said to be desirous of aiding. Cook is an independent senatorial candidate.

Cook went to Salem accompanied by Attorney Albert R. MacKinnon of Boston who led reporters.

"Lodge is named junior at birth but his advertising used the name Henry Cabot Lodge. He is pulling the wool over the eyes of voters, trying to lead them to believe he is his grandfather."

The Ballot Law Commission is desirous of seeing that the voters are not deceived.

REFUSES TO COMMENT

He had no comment to make when reporters pointed out that the death of the elder Henry Cabot Lodge was a family secret.

Rebels Ring Toledo Despite Red Flood

Madrid, Sept. 25.—The right wing of General Francisco Franco's anti-Madrid legions moved artillery into place and flung out two encircling arms for the siege of Toledo today.

The thundering barrage of waters that Loyalists sent raging down the Alberche-Tago valley enabled the Loyalists, however, to put through the muck and debris of its wake to threaten the center of the Rebel line at Maqueda.

Led by armored cars, the two divisions of the Franco force marched through the night to take up positions on heights across from the killing city of Toledo, and the siege of Toledo today.

The private released the observations of previous fighting were not nearly those of a newspaper. The paper that Father Coughlin, by sending his personal attacks on Mr. Roosevelt, was going directly contrary to the President's desire.

Such a step might be necessary, the private added, if the Detroit radio persisted in its attacks on President Roosevelt.

RAYON PLANT HUNTED FOR IN N. H. CITY

Agents for Japanese interests, veiling the identity of their employers in secrecy, are among the bidders for the purchases of some of the units of the vast Amoskeag woolen mills in Manchester, N. H., it was learned today.

Arthur E. Moreau, president of Amoskeag Industries, Inc., which in a few days hopes to receive from Federal Judge George Sweeney, approval of their purchase of the physical assets of the giant mills had this to say:

"I will not say there is nothing to these reports of Japanese interests attempting to purchase parts of the mills, but I cannot say, either, that there is anything to them."

A number of the interests seeking information about the Amoskeag are keeping their identity secret by acting through agents.

"There is a possibility that one of the several agents who have already contacted us may be representing these Japanese interests, but we do not know it definitely."

The report, which emanated from Manchester, was to the effect that rayon yarn would be imported from Japan in manufacture, the future and the finished goods would then be exported to foreign markets.

Should this be the case, the Continued on Page 4, Column 1

LANDON CHARGES U. S. FARMER 'SOLD DOWN RIVER'

DEAL TRADE PACTS SIGN AWAY TAX POWER, HE SAYS

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

Minneapolis, Minn., Sept. 25.—Pledging repeal of the present reciprocal trade program, with a return of treaty-making powers to the Senate and tariff-making powers to Congress, Governor Alfred M. Landon today carried his presidential campaign into Wisconsin after charging the Roosevelt foreign trade policy had "sold the American farmer down the river."

The Republican nominee left here this morning aboard his "Sunflower Special" for a series of "rear porch" talks in cities of central Wisconsin, while en route to Milwaukee for a major speech tomorrow night on social security.

Landon planned an attack on the administration's law, which taxes both employers and employees to provide unemployment insurance, while offering the one substitute for the existing act. The governor will turn aside from his campaign role tonight to become a football fan while attending a high school game at Oshkosh. He expressed a personal desire to view the high school game as he had no political appointment for the evening.

In his second major speech here on the farm problem, Landon assailed the Roosevelt foreign trade treaties as "destroying the markets of our farmers."

The full text of Governor Landon's speech was as follows:

I am most happy to be with you here in the great Northwest. Many of your achievements stand as an indication to the rest of the country.

You have developed to an unusual degree a system of combining dairying and general farming in such a way that it provides a year-round income and at the same time conserves the soil.

You have proved that farmer-owned and farmer-controlled organizations are an effective way for helping the income of the producer. The success of farm co-operation in Minnesota, Wisconsin and neighboring states is an

Promise and Performance—The New Deal Record Emergency Program

PROMISE:

"An Act to relieve the existing National economic emergency by increasing agricultural purchasing power, to raise revenue for extraordinary expenses incurred by reason of such emergency, to provide emergency relief with respect to agricultural indebtedness, to provide for the ordinary liquidation of joint stock land banks, and for other purposes."

Preamble of Agricultural Adjustment Act, 1933.

proved beyond all question.

The reciprocal trade agreements made by this administration have not benefited our farmers; they have hurt our farmers. They have not regained his markets for him; they have taken more of his markets away, both at home and abroad.

They have not caused him to get better prices for his products; they have prevented him from getting as good prices as he otherwise would.

'Sold Down River'

In a word, the reciprocal trade program of the present administration has delayed recovery for our farmers. It has sold the American farmer down the river.

I want to present the record of this destructive policy to you in some detail. Before doing so, however, there are two points that I want to make clear.

The first of these is that I am not opposed to reciprocal trade agreements. The general principle underlying them is simple.

Under certain conditions it is to the mutual advantage of two countries to lift various commodities out of their general tariff program for special treatment. Both countries make concessions; both countries benefit. This is sound doctrine. In some cases it may be the only satisfactory method of meeting a situation. The Republican party recognizes this in its platform. It does not condemn the principle of reciprocity. It condemns only the kind of trade agreements now being made. It condemns them because they are injurious to American citizens and offensive to American principles.

The second point I want to make clear is that I am opposed to a policy of isolation. I want to see a prosperous America. A healthy international trade is essential to world prosperity. And even more than this, world prosperity is good insurance against war.

I am convinced, too, that reasonable protection, which is so essential to our own well-being, is not detrimental to world prosperity.

'Economic Defense'

At a time like the present, when economic nationalism is rampant, we cannot afford to scrap our economic defenses. We can be a good neighbor without giving away the latchkey to our door.

The great enemy of world trade today is not the fair protection of efficient American producers and laborers. It is the war-inspired doctrine of isolation and its resulting demand for self-sufficiency.

From this we get embargoes, exchange restrictions and trade quotas. These are the real hindrances to a healthy exchange of goods between nations. We must not join in this kind of madness. If we are to maintain our standard of living, the channels of world trade must remain open.

Now let us consider some of the effects of the reciprocal trade program of the present administration.

The dairy industry is a good

example of how these agreements have injured the farmer. One of the important commodities developed by this industry is cheese. In one trade agreement after another the tariff has been lowered on cheese and our markets open to foreign producers.

Under the Canadian agreement, for instance, the tariff rate on Cheddar cheese—known to most of us as American cheese—was lowered from seven to five cents a pound. No limit was placed on the amount that might come in at this reduced rate.

Now what was the result of this agreement? Whereas in the first six months of 1935 we imported only half a million pounds of Canadian cheese, in the first six months of 1936 we imported nearly 4,500,000 pounds. This was an increase of over 700 per cent.

Jungle Product

I do not have to tell the dairy farmer what happened. Down went the price on the American market. It fell from 17 cents to 12½ cents a pound in the first four months of the agreement.

Is this what the present administration meant when it said that the American farmer would get a better price for his products? It seems to me that the farmer would do better to trust the Republican party. We are pledged in our platform to protect the American farmer against the imports of all livestock, dairy and agricultural products... which will depress American prices.

This is not the only example of damage done by the dairy farmer. After long and painful taking effort the dairy industry got protection against the tropical oils and fats that compete with butter.

But under the Brazilian agreement a new jungle product—babeau nuts and oils—is permitted to come into this country in direct competition with American dairy products.

The administration has not only placed the products on the free list, but also agreed that it will be exempt from any taxation.

This last point—exempting a product from taxation under a trade agreement—I want you to note with special care. It is an amazing provision. Because it signs away one of the most important powers of Congress—the power of taxation.

In my opinion, there is no justification for the Chief Executive so limiting the legislative branch of our Government.

Now I want to touch on one point that belongs in any discussion of the problems of dairy and livestock producers, although it has no direct relation to reciprocal trade agreements. I refer to the sanitary requirements covering these industries.

Our federal and state governments, as well as the dairymen, have spent enormous sums in the eradication of contagious diseases of cattle. In addition we impose

PERFORMANCE:

"It never was the idea of the man who framed the Act, of those in Congress who revised it, nor of Henry Wallace or Chester Davis that the Agricultural Adjustment Administration should be either a mere emergency operation or a static agency."

FRANKLIN D. ROOSEVELT, Statement, Oct. 25, 1935.

rigid stands for the care of barns and stock. Only one other country has made equal progress in this field.

As a result of our standards, consumers can always rest assured of the quality and purity of the products of American dairy farms.

Cattle Quota

Unfortunately the same standards are not imposed on imported products. To correct this situation the Republican party is pledged "to impose effective quarantine against imported livestock, dairy and farm products from countries which do not impose health and sanitary regulations fully equal to those required of our own products."

Livestock producers and feeders have fared just as badly as the dairymen under the reciprocal trade agreements. In the Canadian agreement the tariff was reduced by one-third on a sliding scale of cattle weighing 700 pounds or more. On calves there was an even greater cut!

In this policy, the administration was trying to hold down the nation's supply of meat by restricting the production of hogs.

Last fall it was warning livestock men that there would be increased supplies of cattle on the market this spring. And yet it proceeded to make concessions on Canadian cattle that would bring more of them into this country!

Such a program just doesn't make sense.

What happened? The Canadian agreement went into effect January 1. Canadian cattle were ruined in and naturally prices fell. Here is the record.

The first of January the average good grade steer of 900 to 1100 pounds was selling on the South St. Paul market at \$7.75 a hundredweight. By June the price was down to \$6.25 a hundredweight. On every occasion the biggest drop in prices followed the heaviest receipts of Canadian cattle.

This price decline was reflected in the cattle markets throughout the country. It wiped out the hope of any profit for thousands of cattlefeeders in our middlewestern states.

In short, as a result of the policies of this administration, there has been added to the drought and the depression another burden for the American farmer to carry—foreign competition.

Short End of Deal

In spite of its promises, the present administration has given American farmers the short end of the deal.

I have discussed only two of the casualties of the trade policies of this administration. Numerous others might be listed. The Florida growers of early vegetables had their markets turned over to

the cheap-labor products of Cuba.

The growers of cigar-wrappers tobacco in the Connecticut Valley lost out in the agreement with the Netherlands, as did the bulb industry in the Pacific Northwest. And the hope of increased domestic production of corn and potato starches was destroyed in the same agreement because tapioca and sago were found on the free list.

Now let us look at some general results. Eight of these agreements have been in force long enough for us to see the results. In these cases, the imports of farm products have increased 84 per cent over a corresponding period prior to the agreements. Exports of farm products increased only 26 per cent.

In other words, under these eight agreements our imports increased more than three times as fast as our exports.

Confused Policies

Today the exports of our farm products represent the smallest proportion of our foreign trade in the history of the nation. This is due in large measure to the confused and destructive policies of the administration.

With the most intelligent and capable farm population in the world, and with unshared natural resources, we are now one of the largest importers not only of those things we do not produce, but of those we are adapted to produce. This is a scandalous situation!

Now why have the reciprocal trade agreements of this administration had such destructive results? There are various reasons. One is the selection of countries with which the agreements have been made.

As I said earlier, it is a basic principle of reciprocity, that such treaties be used to handle only those situations which cannot be met satisfactorily in the general tariff program. This means that reciprocity is valuable only when non-competing commodities are to be exchanged between two nations concerned!

Raps Canada Pact

That is, each country by means of such treaties, makes it easier to trade the commodity of which it has a surplus for something it needs from the other country. It never is a question, when the reciprocity principle is properly used, of making agreements on competing commodities.

This administration has followed quite a different policy. Its most important agreement, that with Canada, is largely concerned with commodities in which our producers are in competition with Canadian producers.

It is inevitable, therefore, that the effect of the agreement should be, not an increased trade on non-importing articles, but a reduction of tariffs on articles on which we do compete.

If an agreement is on non-

HITS 'STAR CHAMBER' TALKS AS UNFAIR TO PRODUCERS

competing articles there is the possibility of mutual advantage. But when it is made with a competitor, one side or the other is almost certain to lose.

Had the administration been interested in using the principle of reciprocity in its proper manner, it would have made agreements only with our customers. It would not have made an agreement on agricultural products with our very good friend, Canada, which in this field is a competitor, not a customer.

They amount to little for the simple reason that the administration refused to disavow what commodities are under consideration. All the potential witnesses know is that an agreement is being considered. Any one of thousands of commodities may be the subject of negotiation. The witnesses has to take his chance.

If he is interested in one commodity his job is easy. In fact, if he is, he may be waiting his time, since that commodity may not be under consideration at all, but at least his case is presented.

If he is interested in a hundred commodities the situation is different. He must, if he wants his views considered, present a brief on each of the hundreds.

Of course in actual practice the method by which the agreements are made. It is a regular star-chamber proceeding.

Those producers whose products may be covered by the agreements are given no real chance to make an effective presentation of their views.

SUICIDE Girl Clears YOUTH

NOTE BLAMES ANOTHER MAN

By ARTHUR J. QUINN

Athol, Sept. 25.—A death note written only a few minutes before 16-year-old Helen Mercinowski took her life in her Park Avenue apartment here today exonerated a youth of this city whom she had accused of attacking her.

On the table in the bedroom where she was found dying by her sister, Rose, was the letter it said:

"I am sorry for what I did to you. He was not the man who attacked me. It was someone else."

"But what's the use of haunting him now. I'm going to end it all. I am truly sorry."

Youth's Denial

With a party that lasted of 25 minutes, Helen died at 25 minutes to 10 on Friday night.

At Medford, Mass., where Helen Mercinowski died, she was said to be a victim of the "flaming youth" who had attacked her yesterday here, repeatedly during the evening, and according to the letter, Chief Fred H. Fleming, said:

"I wasn't even in Helen's apartment that night," referring to the night the alleged attack was said by the girl to have occurred.

The case had been mentioned on 11 December by the court on a decision whether the girl was to be committed to a nursing home.

Atibi Witness

Helen was said to be of the Greek race. Her father, Raymond, was said to be a Greek. Her mother, Rose, was said to be a Greek. Her father, Raymond, was said to be a Greek. Her mother, Rose, was said to be a Greek.

Glory Road!

Artists in Boston Aid Unfortunate In Theater

By BETTY DI PESA

Flores Ziegfeld glorified the American girl. But he isn't forgetting him. In the persons of hundreds of glamorous gals (his girls) a club has been formed to perpetuate his memory.

The nucleus of this club is to be found at the RKO Boston theater where the "glorified" girls made up entirely of ex-Ziegfeld girls are appearing.

But as the girls refer to him, they don't say Ziegfeld. They say "the daddy of them all."

It is indisputable, popular girl here in Boston just ask an ex-Ziegfeld girl if she "daddy of them all" is not the daddy.

It is indisputable, popular girl here in Boston just ask an ex-Ziegfeld girl if she "daddy of them all" is not the daddy.

Suspension of 8 Causes WPA Row

An internal row in the Works Progress Administration broke out on the Lewis Lake project in Boston this morning.

Suspension of eight workers for alleged drunkenness in Boston this morning, had been sent home before for reporting for work after having taken several drinks. This time, it is alleged, instead of complying he swung on the foreman and then swung and held as he picked up a shovel.

Discipline of the trouble resulted from inquiries by Winthrop citizens who noticed a reduction in the number of men working on the Lewis Lake project and who thought the work was going to be abandoned.

Those the eight who were suspended for one week, ending next Monday, a white man, was discharged on the same project for allegedly reporting for work while under the influence of liquor and

trying to attack the foreman with a shovel, when ordered home. This man, according to his superiors, had been sent home before for reporting for work after having taken several drinks. This time, it is alleged, instead of complying he swung on the foreman and then swung and held as he picked up a shovel.

BARR'S 3-Day Grill ENDS

Concord, N. H., Sept. 25 (AP)—Suddenly dismissing her ex-husband, Barr, the witness stand, after cross-examining him for three days, Mrs. Lella Fairfield Barr, 63, New York, Washington and Boston societies, today took the stand herself in United States District Court.

Turning to the jury, the gray-haired little woman, acting as her own witness and attorney in her \$100,000 damage suit brought against James C. Barr, Boston railroad supplies magnate, said she proposed to show how she had suffered from shattered health and loss of property as a result of her divorce.

"I am a poor defenseless woman trying to get a home and furnishings," she said.

Then she started reading a list of 250 articles which, she claimed, her ex-husband had withheld. In the group were:

A \$2000 rug; \$250 worth of linen; \$200 evening gown; five centerpieces valued at \$100; a \$250 cigarette holder; \$25 fish bowl and a \$25 perfume bottle.

The articles she told the jury of twelve men had a sentimental as well as intrinsic value and could not be replaced.

AUTO Deaths 8 in 2 DAYS

Another child was killed today by an automobile, the eighth in Greater Boston within 48 hours.

This brought the "death takes the wheel" total to 132 since January 1.

—VLT AMERICAN.

WATTS HAVE KILLED 152 IN GREATER BOSTON THIS YEAR

The crash involving the Swampscott police chief occurred in the Newburyport, Hampshire today as three cars collided. Chief Reeves entered a dislocated hip and possible internal injuries.

Francis Edward George of Malden street, Duxbury, was struck and almost instantly killed near Granite Dumbarton avenue near his home.

Charged with drunken and dangerous driving, Michael McGowan was taken to the hospital.

Police said the crash was reported by Albert J. Prud'homme, 45, of Malden street, South End. Arriving in Dorchester court, Prud'homme was found not guilty on a charge of driving an auto as a drifter.

Mrs. Mary Norvin, 56, of Bulfinch street, Dorchester, was in a similar condition at City Hospital. She was struck by an automobile as she stepped from a street car. The machine was allegedly operated by Harry Salomoff, of Elm Hill avenue, Roxbury.

In a crash between two autos on Boylston street, back Bay, Mabel Rodman, 38, of the Riverway, was injured and taken to Beth Israel Hospital suffering from fractured ribs and internal injuries.

Catholic Editor Asks Roosevelt What He'll Do About Red Support

Continued from First Page

set for September 21, October 23 and October 30.

As a result of this refusal the American Communist party protested to the federal communications commission through William Z. Foster, chairman of the Communist party and a member of the Moscow controlled comintern. The ever effervescent Civil Liberties Union, whose name should be changed to the Communist Liberties Union, likewise protested.

As a result of these un-American protests, Station WCAE received an official statement from the Federal Communications Commission.

The statement tearfully recalled the fact that the refusal of Station WCAE was not published until August 28, the very day of the contemplated Red broadcast.

The statement incontinently referred to the station's refusal to give so-called freedom of speech to Mr. Browder, whose Communistic philosophy denies freedom of speech to all save Communists, and whose political platform, conceived in Russia and born in Moscow, is DEDICATED TO THE ULTIMATE OVERTHROW OF OUR AMERICAN FORM OF GOVERNMENT.

In a recent speech before the National Press Club in Washington Mr. Browder admitted that anti-Communists would possess no freedom of speech in a Communistic regime and defended the denial of free speech in Russia.

Cites Humor

It was humorous for the Federal Communications Commission to lament the loss of money spent by the Communist party in advertising the August 28th speech of Earl Browder, in view of the fact that NEITHER the American Communist party nor Mr. Browder has ANY RESPECT WHATSOEVER for the private property rights of individuals in America or in Mexico or in Russia.

In the technical portion of its statement the Federal Communications Commission quoted the law regarding equal access of all political parties and candidates to the radio services of any station that has already given time to any one party or candidate.

Failure to allow every party to proclaim its views, when one party has already used the privilege, subjects the offender to various penalties and ultimately, if the F. C. C. so orders, to revocation of its radio license.

In other words, the Federal Communications Commission, WHOSE MEMBERS ARE APPOINTED AND MAINTAINED BY PRESIDENT ROOSEVELT, has used the letter of the law to demand that an American station submit to an un-American broadcast.

He's Annoyed!

And President Roosevelt is annoyed by the charges of Communist implications!

In other words, the Federal Communications Commission refused to go behind the letter of the law and INVESTIGATE the un-American status and threat of the American Communist party before delivering its warning to an American radio station.

And President Roosevelt is still annoyed by the color of the support alleged to be accepted by him!

In other words, the Federal Communications Commission refused to perform its first duty, namely, TO SUPPORT THE CONSTITUTION AND TO REPUTATE ANY ORGANIZATION THAT THREATENS THE CONSTITUTION, which is the supreme law of the land, for the sake of a few sections of the party law which would be interpreted by the United States Supreme Court on the basis of

the more fundamental question concerning the relationship of Communism with the preservation of our American form of government.

And President Roosevelt is annoyed by the charge that his administrative bureaus are slightly lopsided TOWARDS THE LEFT!

Is it any wonder that Station WCAE did not see fit to fight the issue to the highest court in the land?

Americans, of every creed and every race, must unite in the fight to REMOVE THE COMMUNIST LABEL FROM THE BALLOT IN EVERY STATE OF THE UNION.

This must be done, especially in view of the fact that a federal administrative unit, such as the F. C. C., HEDGES BEHIND THE COMMUNIST LABEL and gives to an anti-American candidate and person, rights and privileges which were incorporated in the Constitution for the welfare of Americans who believe in the preservation of our American form of government and NOT for the sinister attacks of those who are COMMITTED TO THE ULTIMATE DESTRUCTION OF OUR AMERICAN GOVERNMENT.

No Snap Decision

What is President Roosevelt going to do about it?

He cannot claim that his federal communications commission was suddenly stalked into making a snap decision.

The present writer happens to know that the files of the Federal Communications Commission are filled with hundreds of protests from individuals and organizations, against past speeches over the air by Earl Browder.

What has been the result of such protests?

A mere form letter of reply! Months have gone by and the commission has never seen fit to sift the facts and investigate the philosophy, and reply to the hundreds of American protests against the exploitation of the American radio waves by UN-AMERICAN and ANTI-AMERICAN Communist broadcasts.

No Delay

The Federal Communications Commission indulged in no delay when the Communist party protested against the refusal of Station WCAE.

Communist speech is not free. The United States Supreme Court of which undoubtedly the Federal Communications Commission has heard, has denied that freedom of speech means the rights to advocate doctrines subversive of our American form of government.

Federal statutes, of which, we also hope, the Federal Communications Commission has also heard, prohibit seditious conspiracies to overthrow, put down or destroy the government of the United States by force.

Force means a general uprising as well as external violence.

COMMUNISM IS SUCH A SEDITIOUS CONSPIRACY. By its action in the case of the anti-American Communist party versus American radio station WCAE, THE FEDERAL COMMUNICATIONS COMMISSION HAS BECOME AN ACCOMPLICE TO SUCH A SEDITIOUS CONSPIRACY.

Here is something on the steps of the White House. President Roosevelt cannot protect his lack of control. What is he going to do about it?

Every American worthy of the name needs his answer. Will he condemn the action of his federal communications commission in giving comfort to the Communistic enemies of America?

WILL HE DO THIS BEFORE ELECTION DAY?

LANDON PLEDGES REPEAL OF DEAL'S TRADE PACTS

IMPORTS DUMPED INTO U. S., KANSAS GOVERNOR SAYS

Continued from Page 1

He is the producer interested in a large number of commodities does not present a brief on all of them. He knows in the first place that there is little chance they will be read.

Besides there is an easier way to handle the situation. This is to have his foreign correspondent find out from the foreign government with which the agreement is being negotiated what commodities are under discussion.

The little fellow, unable to afford a foreign representative, is the one who gets stuck. This is still another one of those millstones that his

administration has placed around the necks of our small producers.

Another major shortcoming of these agreements is the use of the unconditional most favored national principle. This principle when widely followed by the leading commercial nations is a proper and wholesome way of promoting international trade. But today most nations have ceased to use the principle.

In consequence, when we apply it we are making a concession to foreign nations without getting anything in return. This is not reciprocity. It is charity paid for by Amer-

ican producers.

One more point on the making of these agreements: This is the question of whether it was wise for Congress to give to the President such sweeping powers.

Under our Constitution, if these agreements are commercial treaties they should be ratified by a two-thirds vote of the Senate.

On the other hand, if they are simply revisions of our tariff laws, they come under the revenue provisions of the Constitution. In this case they should be approved by a majority vote of both houses of Congress.

The present administration has chosen to ignore both courses. There is no legislative approval of the agreements before they go into effect.

MENCKEN ENDORSES GOVERNOR LANDON

(Special to American Newspapers, Inc.)

New York, Sept. 25.—Flinging away at the New Deal and President Roosevelt with his vitriolic pen, H. L. Mencken, writing in the current issue of the American Mercury, formally endorses Gov. Landon.

Those familiar with Mr. Mencken's writings in the past assert Gov. Landon is the first Presidential candidate of any party ever endorsed by the writer.

It was pointed out that Mr. Mencken, at various times, opposed Presidents Harding, Coolidge, Hoover and Franklin D. Roosevelt. He also campaigned, with his pen, against former Governor Alfred E. Smith.

They are simply imposed upon the public. That is not representative government.

These policies have got to stop. The way to trade is to

Summing up the case for Gov. Landon by which he justified his endorsement, Mr. Mencken wrote: "I believe it will be a good idea to try the Hon. Mr. Landon at Kansas. He would cut a poor figure in opera, but he looks to me to be a pretty good hand with a shovel."

"He probably knows a great deal less than the Hon. Mr. Roosevelt, but much more of what he knows is true."

trade, and let me tell you this—our Republicans are going to trade, not against, but in the interest of, American producers. In too many of the

present agreements we are the fellows who got the blind horse.

We have got to stop destroying the market of our farmers. The Republican party is pledged to protect the American market for the American farmer.

This does not mean that we propose to prohibit the importation of commodities which we cannot grow at reasonable cost to consumers.

It means that in the case of farm products we will not permit the shelves of our stores to be filled with foreign commodities suited to our soil and climate.

It means we will not permit unnecessary imports of such products as meats, dairy and poultry products, grains, and such fruits and vegetables

"CAN BE NEIGHBOR WITHOUT GIVING AWAY DOOR KEY"

as we can grow to good advantage.

Doctrine of Despair

We require many things which we either do not produce or can produce only at great cost. In turn, we produce many products in greater abundance than we can use. The interchange of these two classes of goods is essential to our well-being.

We must not reduce farm production in this country to the needs of the domestic market. This is the doctrine of despair.

It would mean the abandon-

ment of at least one out of every ten acres of our devastated farm land. It would mean less production to be divided among an increasing farm population.

In short, it would mean a lower standard of living and a greatly increased relief load in the rural districts.

The Republican party refuses to accept this philosophy of despair. It believes in making it possible for the farmer to plant full crops. It believes in increasing the demand for farm products, not reducing the supply. It believes the American farmer worthy of prosperity.

WPA AIR TOUR PROPAGANDA, SAYS WEEKS

By BERNARD J. DOHERTY

Propaganda flight, it was placed next Monday, described as the "renewal of the army navy, national guard and individual air groups" in an inspection of airports in this state where construction and improvement have been made by the Works Progress Administration, was scored as a "propaganda" by Charles Weeks, chairman of the Republican State Committee.

The Works Progress Bulletin, issued under direction of Administrator Paul Edwards, the September 21 issue of which carries a leading article on the flight for the benefit of all workers on Federal jobs, was also described as a medium for spreading propaganda for the New Deal and the Democratic national committee at the taxpayers' expense by Chairman Weeks.

PLAN OF TOUR
According to this article, the "air tour" will start at the East Boston airport, immediately head for the United States Naval Reserve Base at Squantum where WPA workers are engaged in construction and improvement work. "Ship wings in a formal salute" and then proceed to Hyannis, led by a plane carrying Administrator Edwards.

Then to Westfield and back over Falmouth and other spots to Boston.

Chairman Weeks recently challenged Edwards to "throw off the cloak of hypocrisy" over the publication of the bulletin, and tell the people "frankly it was New Deal propaganda."

Weeks declared he noted with interest that Administrator Edwards had decided to comply with the law which requires that the bulletin be stamped and that the Sept. 21 issue bears Edwards' name. He said:

CHARGES PROPAGANDA
"Edwards is not satisfied with the editions of the WPA Bulletin propaganda which I have already exposed. He is adding injury to insult for the taxpayers by taking part in another costly venture in the interest of the Roosevelt campaign."

"The taxpayers money of course, will pay for the first year and year for the 30 planes."

"When Edwards' WPA Bulletin appeared, I, as a taxpayer, and the chairman of the Republican state committee, requested of him that the Republican state committee be given the opportunity to distribute through the same channels, some of its own material on the WPA."

"Now I must ask again, in the same spirit of fairness, for an opportunity to spread the complete story to the citizens who are paying the bills."

With Administrator Edwards permit the Republican state committee to drop literature from the planes explaining the waste and extravagance of the administration and the intimidation of the WPA workers."

**Curley Opponents
Spent No Money**

Three candidates contested in the recent primary campaign, all of whom of Governor Curley, returned to contribute and spent a penny according to reports turned in to the Secretary of State.

They are Representatives Philip G. Bowker and Albert E. Bogue of Brookline, Republicans; and Winfield A. Schuster of East Dorchester, Republican, for governor's nominee.

**Tiny Threads Clue
in Murder Case**

Washington, Sept. 25 (AP)—Tiny threads as small as to be almost invisible to the naked eye led today to what police called a "complete solution" of the mysterious killing of Mrs. Florence Goodwin, 45-year-old government typist.

Norman Walter Robinson, 27-year-old Negro, was arrested as the killer after threads found under his fingernails were declared to have come from Mrs. Goodwin's dressing robe.

**Demeter Named
to B. U. Board**

The appointment of Representative George Demeter of Boston as a part-time instructor in Boston University's college of business administration was announced today by President Daniel L. Marsh.

Graduate of Harvard and the B. U. Law School, Demeter has been a member of the faculty for the past two years. He will teach parliamentary law.

4th Blast Victim Dies

Seminole, Okla., Sept. 25 (AP)—Roy Scrivener, 28 (Oklahoma City), died in a hospital today, the fourth victim of an oil field boiler explosion 12 miles northwest of here late yesterday.

Pardon us for pointing

Here's what makes
The Bond Payment Plan
so tremendously popular

715,303
~~483,266~~

① **It's convenient!** Your first payment is only \$5. And you pay the balance out of your income—either weekly (for 10 weeks) or twice a month.

② **It's up-to-date!** When you "charge it" the Bond way, you get no monthly bills. And there are no large lump payments to worry you on the first or 10th of the month.

③ **It's the easy way to buy good clothes!** It offers you the luxury of Rochester tailoring and Rochester fashions without being extravagant. "Charge It" the Bond way, and you get not only deferred payments—you also enjoy soundly built quality and matchless style.

④ **It costs nothing extra!** There are no interest or carrying charges. You pay our regular cash prices—and that's all.

\$25 \$30 \$35
two trousers with every suit

Again the figures do the talking! Last year's record-breaking total topped by almost a quarter million—715,303* men are now buying their clothes with The Bond Payment Plan! It is the largest number ever to use a service of this kind!—which indicates how perfectly this convenient way to "charge it" fits present day needs. It permits responsible men to purchase clothes when they need them—and to pay for them out of income. It does away with the "monthly bill headache"—for there are no large lump payments to meet on the first or 10th of the month. And it costs you not a cent extra. ★ But that's not all! We've an idea that these 715,303 men were interested not only in a convenient way to buy their clothes. We believe most of them are shrewd shoppers, who were first attracted by the quality of our woolsens, the excellence of our Rochester-tailoring—and by our friendly service. Without these features, The Bond Payment Plan would be an empty shell. With them, it is the sane way to a sound clothing investment. Start getting your dividends from it—let it work for you, this Fall!

JAPANESE MAKE SECRET BID ON AMOSKEAG

Continued from First Page

Japanese manufacturers of American silk, would acquire American manufacturing and no longer into their export markets.

Despite the fact that American labor in all likelihood would be employed under existing union wage conditions, the low price at which Japanese manufacturers could import their goods from Japan and ship it here would make up the difference.

The Amoskeag mill, one of their present state, far surpasses any other mill of this kind in the entire world to every respect. Mass production of yarn for the division of thousands of spindles that could be set up on the floor of the new district built by Japanese interests would be a serious threat to American manufacturing.

Because of the secrecy with which these agents for foreign interests cloak themselves, it is impossible to determine whether or not Japanese interests have actually made any outright bids to acquire the mill.

ADAMS TO TESTIFY

H. C. Ransom, recently assigned secretary of the mill, was the only witness to appear before the Federal building today.

Charles Francis Adams, Boston banker and former secretary of the navy, and Frederick C. Hines, treasurer of the defense unit, will be key witnesses in an inquiry which opens in Manchester, Thursday.

Peter C. Byrne, chief counsel for the Saboteur Prosecutions, is investigating committee, including the alleged conspirators, "members of the firm, charged that some 12,000 security funds in the Amoskeag Manufacturing Company, and its parent holding firm, Amoskeag Company, offered a sum of \$20,000,000.

1000 Youths Start Harvard Off on Its Fourth Century

Continued from First Page

that, from some of the blunders he tells of his college days (not at Harvard) I'll have to step back."

THIRD BIG PROBLEM
Phillips, just off the train, opened up his bags. He displayed 12 certificates of payee.

Franklin must make their final selections of academic subjects before Monday 3 p. m. The university has arranged for faculty members to meet candidates in individual conferences today and tomorrow.

Many of the freshmen were frankly baffled by this plan to submit them to individual responsibility. Said one young man from Pittsburgh:

"How do I know whether I should take anthropology or Greek? I came here with the idea that they'd shove me into a seat and educate me."

—WILL AMERICA—

Continued from First Page

elapse, about ten years ago, was on a nomination paper; he should have called himself Henry Cabot Lodge, 24," said the lawyer.

Cook and Atty. MacKinnon examined the will of the candidate's famous grandfather, who successfully opposed this nation's entrance into the League of Nations without reservations.

They also examined the petition for probate, which had been filed for an administrator for the estate of young Lodge's father, George Cabot Lodge.

They said they would summon William P. Shanahan, register of probate for Essex County, to the expected final hearing, which had been scheduled for 10 a. m. tomorrow.

REFERENCE IN WILL
The will of the elder Henry Cabot Lodge refers in the present candidate as "my grandson of the same name."

The petition for probate names the candidate as Henry Cabot Lodge. The petition for an administrator for the estate of young Lodge's father, names the candidate as Henry Cabot Lodge, Jr.

The "junior" had been scratched out.

Instead of opening today's Ballot Law Commission hearing, on other protest, Chairman McNeely delivered a lengthy harangue.

When William H. McKeen of Cambridge, Union Party candidate for Governor, tried to interrupt him, the chairman called a deputy sergeant-at-arms to put McKeen out.

McKeen, whose case was the first due to come up for hearing today, saved himself from ejection by sitting down after a torrid verbal exchange with the disturbed chairman.

Chairman McNeely verbally assailed Judge Felix Forte, special justice of Somerville district court, and Republican candidate for attorney general; Judge Jacob Asher, special justice of Worcester central court, and Judge Kenneth Johnson, special justice of Quincy court.

As McNeely took his place with the other two Ballot Law commissioners at the front of the hearing room today, a reporter asked him:

"Any chance to talk with you for a minute now, Charlie?"

"No," retorted McNeely, loudly. "Then, facing the 50 persons in the hearing room, he launched into his unexpected speech, saying:

"First let me say for the benefit of the press that there have been no proper proceedings, attacking my right to hold this office, in any court of law."

SAYS JURISTS IN POLITICS
"Some of the chief and important judges of the Commonwealth are going around the state speaking at political rallies, criticizing me."

"I repeat it because they are ignoring the fact that as members of the judiciary they have no right to play politics."

Judge Kenneth Johnson of Quincy last year spoke at a rally in Worcester and said that the law broke the law and the law broke the law in the Republican Party. "The better off we'll be."

Felix Forte, Republican candidate for attorney general, forgot he was using his judicial office when he complained for that nomination.

Judge Jacob Asher of Worcester is perhaps the most active speaker in Worcester politics. As a member of the judiciary he violates his oath of office the minute he takes the speaker's stump at a political rally.

"I say to all these gentlemen, and to members of the Republican party and to Chairman McNeely, that I resent very much their unbridled criticism, and I suggest that the judges resign."

Lodge Hearing to Go On
"I'm not personally interested in a protest against Lodge for political reasons. Almon B. Cook, independent candidate for U. S. Senator, came into the commission office with his petition against Lodge and filed it with me."

"In connection with my duties, late Monday afternoon, I left the same protest with the election commissioners."

The Lodge hearing will go on, tomorrow morning, and I don't know of anything about a court order that can stop it."

McNeely at this point attempted to interrupt Mr. McKeen, who motioned him to be seated.

"What's that?" asked McKeen. "You don't claim this is a court of law, do you?"

"Keep quiet or I'll have you put out," roared the chairman of the Ballot Law Commission.

He called an attendant and pointed out McKeen.

"You keep quiet or I'll throw you out," McKeen continued. "I can make a statement if I want to."

REFERENCE IN WILL
The will of the elder Henry Cabot Lodge refers in the present candidate as "my grandson of the same name."

The petition for probate names the candidate as Henry Cabot Lodge. The petition for an administrator for the estate of young Lodge's father, names the candidate as Henry Cabot Lodge, Jr.

The "junior" had been scratched out.

Instead of opening today's Ballot Law Commission hearing, on other protest, Chairman McNeely delivered a lengthy harangue.

When William H. McKeen of Cambridge, Union Party candidate for Governor, tried to interrupt him, the chairman called a deputy sergeant-at-arms to put McKeen out.

McKeen, whose case was the first due to come up for hearing today, saved himself from ejection by sitting down after a torrid verbal exchange with the disturbed chairman.

Chairman McNeely verbally assailed Judge Felix Forte, special justice of Somerville district court, and Republican candidate for attorney general; Judge Jacob Asher, special justice of Worcester central court, and Judge Kenneth Johnson, special justice of Quincy court.

As McNeely took his place with the other two Ballot Law commissioners at the front of the hearing room today, a reporter asked him:

"Any chance to talk with you for a minute now, Charlie?"

"No," retorted McNeely, loudly. "Then, facing the 50 persons in the hearing room, he launched into his unexpected speech, saying:

"First let me say for the benefit of the press that there have been no proper proceedings, attacking my right to hold this office, in any court of law."

SAYS JURISTS IN POLITICS
"Some of the chief and important judges of the Commonwealth are going around the state speaking at political rallies, criticizing me."

"I repeat it because they are ignoring the fact that as members of the judiciary they have no right to play politics."

Judge Kenneth Johnson of Quincy last year spoke at a rally in Worcester and said that the law broke the law and the law broke the law in the Republican Party. "The better off we'll be."

Felix Forte, Republican candidate for attorney general, forgot he was using his judicial office when he complained for that nomination.

Judge Jacob Asher of Worcester is perhaps the most active speaker in Worcester politics. As a member of the judiciary he violates his oath of office the minute he takes the speaker's stump at a political rally.

"I say to all these gentlemen, and to members of the Republican party and to Chairman McNeely, that I resent very much their unbridled criticism, and I suggest that the judges resign."

Lodge Hearing to Go On
"I'm not personally interested in a protest against Lodge for political reasons. Almon B. Cook, independent candidate for U. S. Senator, came into the commission office with his petition against Lodge and filed it with me."

"In connection with my duties, late Monday afternoon, I left the same protest with the election commissioners."

The Lodge hearing will go on, tomorrow morning, and I don't know of anything about a court order that can stop it."

McNeely at this point attempted to interrupt Mr. McKeen, who motioned him to be seated.

"What's that?" asked McKeen. "You don't claim this is a court of law, do you?"

"Keep quiet or I'll have you put out," roared the chairman of the Ballot Law Commission.

He called an attendant and pointed out McKeen.

"You keep quiet or I'll throw you out," McKeen continued. "I can make a statement if I want to."

R. J. DWYER DIES IN SO. BOSTON

Knickerbocker Log Moroccan Troops Good Fighters

Editor's note: Following is the eleven of the war logs from the Spanish battlefield by H. R. Knickerbocker, famous roving correspondent of International News Service.

By H. R. KNICKERBOCKER

International News Service Staff Correspondent

Trujillo, Sept. 25 (INS).—Our room here in the town's premier hotel, "El Cabano," overlooks a street running red. No blood, just the red fez of the Fifth Tabor of Regulars, or native Moroccan troops, now camping here enroute for the front.

When we arrived here, we were at once informed that the town was in a state of excitement. The troops were expected to arrive in the morning, and the town was in a state of excitement. The troops were expected to arrive in the morning, and the town was in a state of excitement. The troops were expected to arrive in the morning, and the town was in a state of excitement.

RICHMAN BROTHERS

151 CLOTH & MAINT. SINCE 1879

NEW STYLES with old reliability

Young and old love their advantages in making fashion. Let us show you the Richman Brothers Clothes you get the full line of fashion.

Our dress makers and stylists are alert young men, with the latest in fashion, and their fingers on the pulse of the latest in fashion.

Our tailors are men of 17 years old. Think of it! Men to whom the mystery of knowing how. More than any other in the city.

True, we make our own clothes. True, we sell them in our own store. But our middleman's profit, without credit and without delivery overhead.

But do not forget to remember that Richman Brothers Clothes are new and smart and stylish as they are reliable and well made and perfect in fit.

Not a Laxative

"The continued use of laxatives and cathartics only aggravates constipation," says a prominent medical authority.

Nujol is a natural lubricant, not a laxative, so cannot grip. Take Nujol regularly and you will prevent the absorption into the blood of poisons from the constipated bowels.

Constipation is dangerous for the body. It is a safe remedy. It does not affect the stomach, and is not absorbed by the body. Medical authorities approve Nujol because it is so safe, so gentle and so natural in its action.

Nujol makes up for a deficiency of natural lubricants in the intestine. It softens the waste matter and thus permits thorough and regular bowel movements without gripping.

Just try Nujol regularly for the next month and see if you don't feel better than you ever suspected you could.

Ask your druggist for Nujol and learn on the genuine

Librarians to View Japanese Exhibit

By DOROTHY W. CRANNE

The Japanese exhibit at the Boston Public Library, which is open to the public, is a most interesting one. It is a collection of books, pictures, and other objects, which are of great value to the student of Japanese history and culture. The exhibit is a most interesting one, and is well worth a visit to the library.

Care McNamara Plans Bridal

Care McNamara, who is a most interesting person, is planning a most interesting bridal party. She is a most interesting person, and is well worth a visit to the library.

Exhibit Will Open Season

The exhibit will open season, and is a most interesting one. It is a collection of books, pictures, and other objects, which are of great value to the student of Japanese history and culture. The exhibit is a most interesting one, and is well worth a visit to the library.

LUHLY ALL SING FOR LONDON

Only one man in date on submitted a winning entry in the 1999 National National Garden Campa on Song Contest.
 6 out of 99 of the entries received are from women who seem to have missed the market on original lyrics.

A: Is this the Department of Arts?
T: Yes, it is. What can I do for you?
A: I would like to return a book if I can.
T: As it stands, it's yours for free.
A: Now, my class were certain of this.
T: But it was said that certain
classrooms
C: Yes, well, that's true for London.
A: Now, it's said to be quite a lot.
A: I think, actually, it's a matter
T: I think, actually, it's a matter
A: Yes, I think it's the party.
A: I think it's a matter of which
A: I think it's a matter of which
T: I think it's a matter of which
A: I think it's a matter of which
T: I think it's a matter of which

to Lessen Driving Costs

LEARN to stop at the Tydol pump for the *only* gasoline that drives, oils and cleans your motor... *at no extra cost!*

This amazing new high anti-knock motor fuel actually oils and cleans upper motor parts because it actually contains both a patented

top-cylinder oil and an efficient carbon-solvent.

Step loss of power from carbon-stuck valves
Step waste of mileage from old starter pistons
Start saving with less A to Z oil — the modern gasoline at the "old-fashioned" price.

FLOYD GIBBONS' PAGE OF THRILLS AND MYSTERY

The Death Trap

A Lot of Mysterious Happenings In Lonely Forest

By FLOYD GIBBONS

THE DEATH TRAP

When you go into a lonely forest, you may or may not find a death trap. You may find a path that leads to a beautiful lake, or you may find a path that leads to a death trap. The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

The death trap is a place where you can get lost and never find your way out. It is a place where you can get lost and never find your way out. The death trap is a place where you can get lost and never find your way out.

Floyd Gibbons will pay good money for good TRUE adventure stories. Hundreds of people in Boston and nearby towns have received a hundred-dollar bill for their yarns, and there's no reason why you can't do the same, for, as Floyd says, everybody has had at least one adventure. Fred A. Carlson, of 57 Deaconess road, Boston, won one hundred and ten dollars for the story of his life's biggest moment, and you can do the same. For further details, see the box at the right side of the page.

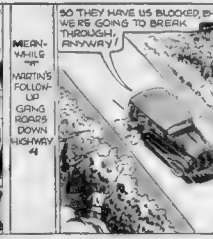

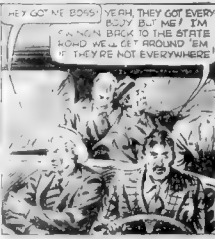

HOW TO WIN

\$100.00

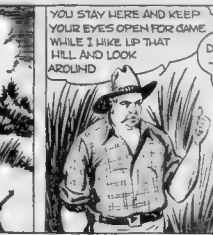

And Membership in The Floyd Gibbons Adventurers' Club

It's the easiest money you ever earned. Here's the only rule: YOUR STORY MUST BE TRUE. The money is payable and you don't have to be a writer to compete, because Floyd will qualify every story with care and read out any rough drafts. Just write down the 100 words of your adventure (don't and don't let Floyd, or at the Boston Evening American, "Wonder" inspire you). We will pay money and a membership in the club for every story of your life's biggest moment. Do not send valuable pictures or souvenirs. Just send the FACTS!

FRENCH GROWING Franc WAVERS Burden of TAXES

DEVALUATION
INEVITABLE

By LESLIE GOULD
Copyright, 1936, by International News Service Financial Wire.

New York, Sept. 25 (INS) — Once again France is faced with the decision of "to devalue or not to devalue," as it has been periodically in the last two to three years.

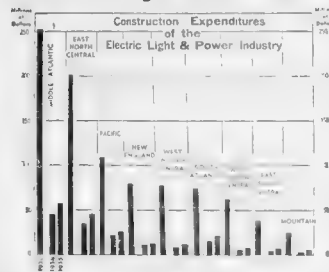

BARRIER TO
RECOVERY

By MERRYLE STANLEY RUKEYSER
Copyright, 1936, by International News Service.

San Francisco, Sept. 25 — The men who have been lending most of the funds to finance the deficits incurred by this prodigal spending Federal administration, at the closing session here of the 62nd annual convention of the American Bankers Association, called upon public officials at Washington to eliminate the red ink from the United States governmental accounts.

TAX BURDEN

Electric Light and Power

The electric light and power industry spent for construction in 1935 \$375,000,000, an increase of 10 per cent over 1934. This represents an increase of 10 per cent over the peak year of 1934.

CROWN NOT
AT STAKE

By DAMON RUNYON
New York, Sept. 25 (U.S.)—James J. Braddock, heavyweight champion of the world, will be offered a guarantee of \$100,000, plus a big share of the gate receipts, to meet Joe Louis in a no-decision bout during the winter, under the ruling of the New York Boxing Commission giving the champ permission to engage in such bouts.

The fight will be held at the Madison Square Garden, New York, and will be a no-decision bout. Braddock is a former champion and has been in the ring for many years. Louis is a rising star and has been in the ring for a few years.

What men will select for smart fall wear..

Today's paper is featuring the fall offerings of Boston's outstanding merchants in men's wear. The new stripes,—the latest influences in cut,—the fall 1936 versions in hats, shirts, shoes and haberdashery—in every detail authentic—are listed at prices that invite you to spruce up this fall.

When you consider the drabness of men's apparel in the past, this year's innovations should be good news to every man who likes a little individuality in his clothing!

Turn to the advertisements of the following merchants featuring men's & boys' wear now—they are all interesting. You'll find everything you need to keep in step with fashion. Buy right—and be right for the new season.
